

Cone sort

GameProgression

1. Each player/team has a set of 5 differently coloured cones in front of them (e.g. red, blue, green, white, yellow)
 2. NOTE- all teams must have same ranges of colours as each other
 3. coach/teacher calls out 2 colours. 1st colour must be picked up first, 2nd colour called must be picked up last (with the other three cones picked up in between)
 4. Once they have done this they raise cones above head so that winner can be identified.
-
1. Call 5 colour sequence of colours
 2. Partner up and challenge each other- how many times can it be done in a set time period with partner calling the colours
